November 12, 2009

Dear Parent/Guardian,

On Tuesday, permission slips, along with information on the H1N1 Vaccine Program was sent home with all students.

It is requested that you carefully review all material and then decide if your child will/will not receive the vaccine.

The vaccine will be given in your child's school in the very near future.

**All consent forms must be returned by tomorrow morning.**

Indicate on the consent form if you want/do not want your child to receive the vaccine. Forms **must be signed** whether you want or do not want your child to receive the vaccine.

Thank you for your cooperation and please continue to check the Bayonne Board of Education web site at [www.bboed.org](http://www.bboed.org) for the latest H1N1 information.

Sincerely,

Patricia L. McGeehan, Ed.D.  
Superintendent of Schools
