* The purpose of having multiple sessions is to accommodate parents and guardians that have children in multiple grade levels, and also to provide an opportunity for parents and guardians to visit special subject teachers, therapists, specialists, counselors, and our school nurses.

* Homeroom teachers may choose to divide parents/guardians up in advance in order to create smaller groups for each session.

* Back to School Night is an opportunity for teachers to share general information with parents and guardians. There is not enough time during this evening for teachers to discuss each individual student's progress. Individual conferences should be scheduled for a future date and time if necessary.

As always, thank you for your continued support of WCS!!
