I. ELEMENTARY SCHOOL CODE OF CONDUCT

September 2022

Dear Parents/Guardians:

The mission of the Bayonne Board of Education is to provide optimum learning opportunities for all students in a safe, secure, inclusive learning environment that fosters personal and interpersonal growth, lifelong learning, and a strong sense of community.

With this vision in mind, the Bayonne Board of Elementary Student Code of Conduct is a vital part of daily student life, supporting a safe and secure learning environment, where inappropriate behavior will not be tolerated. This behavior extends into the home, and we need your help to ensure the success of your child. As a parent/guardian you play an integral part in the success of this plan.

Please ensure that your child gets a good night's rest and is prepared for a rigorous day of learning. A well balanced breakfast, whether eaten at home or in school, provides the nutrition for school. And finally, please make sure your child is in school each day. Good Attendance is a major predictor of future success in high school, college, and career. Making sure your child attends school regularly lets them know the value you place on education and reinforces their understanding that school is important. A missed day is a lost opportunity for students to learn.

We believe in each child's potential, their ability to learn, talents they have to share, and the contributions they can make to our schools, community and to our future as a nation. By working together each day, we can make a difference in the life of your child. Together, we really do achieve more!

Sincerely,

John J. Niesz

Superintendent

Bayonne Board of Education

- be an upstander and report incidents that jeopardize the physical and/or mental safety of others.

IV. Attendance

In order for the Bayonne school district to fulfill its responsibility for providing a thorough and efficient education for each student, the complete cooperation of parents/guardians and students is required to maintain a high level of school attendance.

The frequent absence of students from classroom learning experiences disrupts the continuity of the instructional process and limits the ability of students to complete the prescribed curriculum requirements successfully.

- Student absences must be immediately reported to the main office, homeroom teacher, and/or school nurse.
- Students are responsible for all missed work due to absence. Parents/guardians are encouraged to reach out to the classroom teachers for missed assignments.
- Parents/guardians will be notified of student absences via recorded message.

- Parents/guardians will be notified of cumulative absences via formal letter which must be signed and returned to the homeroom teacher. Notifications will be sent on the following absences: 4th, 8th, and 10th.
- In an attempt to improve patterns of poor attendance, the following actions may be implemented by school administration; enlisting the assistance of the attendance officer, holding an attendance hearing, and/or recommending court proceedings.

In order for students to learn and achieve to their fullest potential, it is critical for students to be in attendance for the duration of the school day.

- Any child arriving at school after 8:40 a.m. will be marked tardy. No pupil shall be permitted to leave the school before the close of the school day unless written authorization has been made by parent/guardian in advance. School personnel must verify the identity of the parent/guardian making the authorization. School personnel must make a copy of the photo ID of the person authorized to pick up the student.

The instructional day begins at 8:40 a.m. Consistent lateness negatively impacts the instructional day for a child. The first ten minutes of the day is a crucial organizational time that allows a child to have a sense of preparedness, have school breakfast if needed, and sets the tone for the morning. Parents are encouraged to develop a morning routine that provides a child with sufficient time to dress and arrive at school in a timely fashion. Chronic tardiness will require a parent conference.

The compulsory education law (*N.J.S.A.* 18A:38-28 through 31) requires all children between the ages of 6-16 to attend school. The attendance regulations (*N.J.A.C.* 6A:16-7.6), require each district board of education to develop, adopt and implement policies and procedures regarding the attendance of students, including the adoption of a definition of "unexcused absence" that counts towards truancy (NJDOE, 2019).

Time Schedule

Grade Level	Full Day	Early Dismissal	Delayed Opening

4 - 8	8:40 a.m. - 2:55 p.m.	8:40 a.m. - 12:40 p.m.	10:00 a.m. - 2:55 p.m.

V. Rules and Consequences

Students will contribute to maintaining a school environment that promotes learning. It is important that all students and parents understand the rights to which all students are entitled and the consequences of any type of behavior which may deny others of those rights or that may disrupt the learning process. It is our belief that by explaining student rights and responsibilities, our students will develop improved self-control, a sense of responsibility, and a regard for the rights of others.

Restorative Practices:

Restorative practices are approaches that seek to proactively build community to prevent problems from arising and use dialogue, not just punishment, when problems do occur. Restorative practices are helpful for creating a respectful classroom, developing rapport with students, managing conflicts, establishing routines and expectations for positive student behavior, and more.

Restorative practices can include:

- Conflict resolution
- Use of “I Statements”
- Community building time
- Conferences
- Peer mediation
- Reiteration of school rules and consequences
- School counselor interventions

For students with disabilities, behavior interventions and supports shall be determined and provided by *N.J.A.C. 6A:14*.

Below is a chart of grade level discipline codes to be implemented by school personnel in response to violations of behavioral expectations. These behavioral expectations and school responses include, but are not limited to:

Grade PreK-2 Discipline Code: Teacher Responsibility Discipline at a Glance Action Steps

With the above in mind, these specific guidelines have been developed for students in grades pre-kindergarten through eight.

Clothing and Accessories

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

C. Student Expectations

POLICY GUIDE

BAYONNE BOARD OF EDUCATION

PUPILS

Harassment, Intimidation, and Bullying

M

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values

adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

M

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal's designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report.

The Principal or designee will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident.

A person may report, verbally or in writing, an act of harassment, intimidation, or bullying committed by an adult or youth against a student anonymously. The Board will not take formal disciplinary action based solely on the anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The Superintendent or designee shall sign-off on the preliminary determination.

The Principal, upon making a preliminary determination the incident or complaint is not within the scope of the definition of harassment, intimidation, and bullying, shall inform the parents of the parties involved, who may appeal the preliminary determination to the Board of Education and thereafter to the Commissioner of Education in accordance with N.J.A.C. 6A:3. The Superintendent shall respond to confirmed harassment, intimidation, and bullying, according to the parameters described in this Policy. The range of ways in which school staff will respond shall include an appropriate combination of counseling, support services, intervention services, and other programs. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring the school officials respond appropriately to the individual(s) committing the acts. For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include consistent and appropriate positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) intended to remediate the problem behaviors.
2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays (when implemented with sensitivity to a student's situation or involvement with harassment, intimidation, and bullying), research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.
3. School responses can include theme days, learning station programs, "acts of kindness" programs or awards, use of student survey data to plan prevention and intervention

T. Hazing

The Board of Education believes that hazing activities of any type are inconsistent with the educational process and the Board prohibits all such hazing behavior at any time on school premises, at school-sponsored functions or on any school bus.

“Hazing” means the performance of any act or the coercion of another to perform any act initiation into any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. XIII. Visitor Admissions Policy

In order to safeguard the children in our care and to protect the interests of all those who work in the school we have a policy for the admission and management of visitors to the building. It is most important that only those people who need to have access to the building are allowed to enter and that the reason for their visit and their identity is checked before they are allowed to enter the building.

To ease your visit to the school, it is required that you notify the main office prior to your arrival. By notifying the office, your visit will be logged in our visitor appointment book. When you arrive and ring the bell, you will be asked the purpose of your visit. You will notify a staff member your purpose for the visit and it will be cross referenced with our visitor appointment book.

Parents and guardians will be denied access to buildings during drop off and pick up times. Arrival time for drop off is 8:40 A.M. However, if your child is in Before Care, arrival time is 7:25 A.M.

All non-emergent visitors must notify the school prior to arrival to get authorization for visits. The authorization will come from the building principal or his/her designee. We suggest that you store the school's phone number in your cell phone.

If you have been granted access to the building, you are required to report directly to the main office where you will sign in and document your purpose of visiting. You will also be provided with a visitor's pass if necessary.

Visitors that arrive at the school without notification will be denied access to the school until their purpose can be verified or a staff member is available to meet the visitor at the door.

All visitors will be required to present a Driver's License or alternate proof of photo identification which will be secured in the main office until their exit from the facility.

We seek your cooperation with our policies and ask that you sign and return the Bayonne Board of Education **POLICY MANUAL ACKNOWLEDGEMENT** form located on the last page of this manual and return it to your child's teacher. Please keep the rest of the manual for your reference.
