MEDIA RELEASE FORM

BAYONNE PUBLIC SCHOOLS
669 Avenue A
Bayonne, New Jersey, 07002

The Bayonne Board of Education is proud of the achievements of our faculty and students and often publicizes the many successful programs, projects and activities that highlight the wonderful learning taking place in our buildings. There are many occasions in our schools when photographs are taken of faculty and students engaged in education activities. Frequently, such photographs include individual students, as well as, group pictures and may appear in Social Media, local newspapers, the Internet, and other forms of media. Often students are identified by name in such photographs.

Additionally, video footage of school programs provides an audio-visual record of activities happening during the student's school year. Videotaping of teachers and students engaged in learning activities and programs often are shown on our cable television channel 77 BEN TV.

Before publishing any pictures or videos, we are asking for the permission of our student's parent/guardian as required by New Jersey State Bill A592. Please record your preference regarding this issue by checking either box below. (Please fill out one per student, grades Pre-Kindergarten through grade 12.
