Dear Bayonne Community,

Spring 2022

We are very excited to announce that the Bayonne Board of Education has completed the purchase of St. Andrew's school and convent located on 125 Broadway. We are excited for the future of our school district and we are equally excited for the possibilities this allows us for expansion.

Very shortly, we will have the indoor gym at St. Andrew's ready for community activities and basketball leagues. Initially, there will be work done on the St. Andrew's convent building so we can move our central offices into the convent. Our current central office location in Bayonne High School will be converted into eleven (11) state-of-the-art preschool classrooms. High school students will learn and work with our teachers in these new classrooms.

We remind everyone that a new school building is being built at the high school in the area of the tennis courts. This project will commence in the 2022-2023 school year. The project is a partnership with Hudson County Vocational Technical School District that is of no cost to the Bayonne School District. This project will create a new, two (2) story, state-of-the-art learning environment for our high school students. We will also offer an evening program for a community of adult learners.

This is truly a special time in the Bayonne School District and we thank our Board of Education and all of you for your continued support.

Looking forward,

A handwritten signature in black ink, appearing to read "John J. Niesz", with a long horizontal flourish extending to the right.

John J. Niesz
Superintendent
