**Exciting News!**

July 19, 2021

Dear Bayonne Community,

I hope everyone is having a safe and enjoyable summer break!

We are excited to announce a few new initiatives being rolled out this summer to our district. We are now using a new Blackboard communication tool. You will begin to see district emails from [noreply@bboed.org](mailto:noreply@bboed.org), and texts from 60680.

A new district mobile app will be available in August for parents, students, and staff. This app will allow for all of your child's information to be housed in one place, right at your fingertips! Your username and password for the Blackboard mobile app will be emailed to you in August. More information will be coming soon; including download directions and an outline of what **Blackboard** can do for you.

Finally, our district website will have a new improved look which will be easier to navigate. Our goal is to improve communication and accessibility in the community and allow for an all-inclusive environment in which all users can easily access information.

Enjoy the summer,

John J. Niesz  
Superintendent of Schools
