We are so excited to share that the City of Bayonne and Mayor James M. Davis has declared the second week of February as **BUSINESS EDUCATION WEEK for the City of Bayonne**. A proclamation was handed to the Bayonne Business Club of Bayonne High School by the mayor.

The Bayonne High School Business Club is an extracurricular activity with over 100 members. The advisers: **Leigh Ann Schaefer Halsey, Donna Schaefer, and Irene Pyke**, as well as the students proudly represent Bayonne.

Joseph Arrigo, FBLA PRESIDENT

The Bayonne High School Business Club inspires and prepares students to become community-minded business leaders in a global society through relevant career preparation and leadership experiences. Members perform community service activities and strive to build a student’s understanding of the realities of the modern business world.

On February 6, 2020 the Bayonne High School Business Club students were invited to receive a proclamation, and given a tour of City Hall, the Police Dept., and Bayonne Fire Dept. thanks to Mr. Joseph Ryan. It was informative, memorable and an encouraging experience for all of us.
