Location: 229 Broadway, Bayonne, NJ 07002

To expedite the process, please have the following documentation:

- Photo ID
- Health Insurance Card
- Two copies of Photo ID & Insurance Card
- Registration Form (www.solvehealth.com/book-online/0rwaOA)

FREQUENTLY ASKED QUESTIONS

The City of Bayonne is sponsoring a series of COVID-19 testing events. When you arrive, please walk into the building to the registration desk. Testing will be administered by Immediate Care Medical Walk-In in conjunction with Capital Health Laboratory. Results will be emailed within 72 hours.

Can I make an appointment?

Appointments are not being taken, but pre-registration is recommended to expedite the testing process. Tests will be given in the order in which you arrive on the days testing is being offered.

What do I need for testing?

To expedite the process, each person will need:

- Two (2) photocopies of their photo ID and insurance card

- To complete the online form using the QR code on their smartphone
- No eating or drinking one (1) hour before test - water is okay

I have a flip phone and cannot access the QR code.

You can complete the online form (www.solvhealth.com/book-online/0rwaOA)

Is there a cost for the test?

There are no out of pocket expenses. Please submit a photo of your insurance card when registering. If you are uninsured, please make the staff aware upon arrival.

I did not receive a confirmation email?

Once completing the form, if you did not receive a confirmation email, you do not have to resubmit the application. The QR forms go directly to the lab. If you enter the testing site and they do not have confirmation of your form, they will tell you how to proceed.

How do I use the QR code?

iPhone: Open Camera; Focus on the QR code; A link should appear at the top of the screen; Click the link to open the fillable form.

Android: Hold down home button; Click on lens icon; Point screen at QR code; Click the link to open the fillable form.

If the CODE does not open: Go to GOOGLE play store; Search for QR & Barcode Reader; Install the green scanner app; Once installed you can use it to scan the code; Complete the fillable form.

I don't have insurance, can I get tested?

Yes, you can still get tested. Let the attendant know that you're uninsured. No one will be turned away.

I did not receive my emailed results.

The results may be in your email's spam or junk folder.

If you have not received an email, and it has been **more than 72-hours**, please E-mail: patientcare@immcare.com
