Disciplin	hip in the 21st Century 6.3 ary Strand: ary Concept:		
Core Ideas:	Performance Expectation:		
Political and civil institutions impact all aspects of people's lives	6.3.8.CivicsPI.1: Evaluate, take, and defend a position on why government is necessary, and the purposes government should serve.	<ul> <li>Unit Overarching Essential Question:         <ul> <li>A. Civics, Government, and Human Rights</li> <li>How do citizens, civic ideals, and government institutions interact to balance the needs of individuals and the common accid?</li> </ul> </li> </ul>	
Governments have different structures which impact	6.3.8.CivicsPI.2: Evaluate the extent to which different forms of government reflect the history	<ul> <li>common good?</li> <li>How have economic, political, and cultural decisions promoted or prevented the growth of personal freedom,</li> </ul>	

development (expansion) and civic participation.	<ul> <li>and values of various societies (e.g., monarchy, democracy, republic, dictatorship).</li> <li>6.3.8.CivicsPI.3: Use a variety of sources from multiple perspectives to examine the role of individuals, political parties, interest groups, and the media in a local or global issue and share this information with a governmental or nongovernmental organization as a way to gain support for addressing the issue.</li> <li>6.3.8.CivicsPI.4: Investigate the roles of political, civil, and economic organizations in shaping people's lives and share this information with individuals who might benefit from this information</li> </ul>	<ul> <li>individual responsibility,equality, and respect for human dignity?</li> <li>B. Geography, People, and the Environment <ul> <li>How do physical geography, human geography, and the human environment interact to influence or determine the development of cultures,societies, and nations?</li> </ul> </li> <li>C. Economics, Innovation, and Technology <ul> <li>How can individuals, groups, and societies apply economic reasoning to make difficult choices about scarce resources? What are the possibleconsequences of these decisions for individuals, groups, and societies?</li> <li>How have scientific and technological developments over the course of history changed the way people live and economies and governments function?</li> </ul> </li> <li>D. History, Culture, and Perspectives <ul> <li>How do our interpretations of past events inform our understanding of cause and effect, and continuity and change, and how do they influence our beliefs and decisions about current public policy issues?</li> <li>How can the study of multiple perspectives, beliefs systems, and cultures provide a context for understanding</li> </ul> </li> </ul>
Civic participation and deliberation are the responsibility of every member of society	<ul> <li>6.3.8.CivicsPD.1: Deliberate on a public issue affecting an upcoming election, consider opposing arguments, and develop a reasoned conclusion.</li> <li>6.3.8.CivicsPD.2: Propose and defend a position regarding a public policy issue at the appropriate local, state, or national</li> </ul>	and challenging public actions and decisions in a diverse and interdependent world?
Members of society have the obligation to become informed of the facts regarding public issues and to engage in honest, mutually respectful discourse to advance public policy solutions.	6.3.8.CivicsPD.3: Construct a claim as to why it is important for democracy that individuals are informed by facts, aware of diverse viewpoints,	

	[
	6.3.8.CivicsDP.1: Identify an issue of inequality, develop multiple solutions, and communicate the best one to an appropriate government body.
The United States system of government is designed to realize the ideals of liberty, democracy, limited government, equality under the law and of opportunity, justice, and property rights.	6.3.8.CivicsDP.2: Make a claim based on evidence to determine the extent and the limitations of First Amendment rights (e.g., U.S. Supreme Court decisions).
	6.3.8.CivicsDP.3: Use historical case studies and current events to explain why due process is essential for the protection of individual rights and maintenance of limited government.
	6.3.8.CivicsPR.1: Analyze primary sources to explain how democratic ideas in the United States developed from the historical experiences of ancient societies, England, and the North American colonies.
In a democratic government, there are multiple processes by which individuals can influence the creation of rules, laws, and public policy.	6.3.8.CivicsPR.2: Evaluate the effectiveness of the fundamental principles of the Constitution (i.e., consent of the governed, rule of law, federalism, limited government, separation of powers, checks and balances, and individual rights) in establishing a federal government that allows for growth and change over time.
	6.3.8.CivicsPR.3: Take a position on an issue in which fundamental ideals and

	principles are in conflict (e.g., liberty, equality).
	6.3.8.CivicsPR.4: Use evidence and quantitative data to propose or defend a public policy related to climate change.
	6.3.8.CivicsPR.5: Engage in simulated democratic processes (e.g., legislative hearings, judicial proceedings, elections) to understand how conflicting points of view are addressed in a democratic society.
	6.3.8.CivicsPR.6: Seek the perspectives of multiple stakeholders with diverse points of view regarding a local budget issue and take a position on proposed policy.
	6.3.8.CivicsPR.7: Compare how ideas become laws at the local, state, and national level.
Fundamental rights are derived from the inherent worth of each individual and include civil, political, social, economic, and cultural	6.3.8.CivicsHR.1: Construct an argument as to the source of human rights and how they are best protected.
Economic decision-making involves setting goals, weighing costs and benefits, and identifying the resources available to achieve	6.3.8.EconET.1: Using quantitative data, evaluate the opportunity cost of a proposed economic action, and take a position and support it (e.g., healthcare, education, transportation).
the resources available to achieve those goals.	6.3.8.EconET.2: Assess the impact of government incentives and disincentives on the economy (e.g.,

taxes).6.3.8.CivicsPR.1: Analyze primary sources to explain how democratic ideas in the United States developed from the historical experiences of ancient societies, England, and the North American colonies.6.3.8.CivicsPR.2: Evaluate the effectiveness of the fundamental principles of the Constitution (i.e., consent of the governent, rule of law, federalism, limited government, separation of powers, checks and balances, and individual rights) in establishing a federal government that	In a democratic government, there are multiple processes by which6.3.8. • Standard 9.4 Life Literacies and Key Skills	Core Ideas:	Standard 9.1 Personal Financial Literacy: This standard outlines the important fiscal knowledge, habits, and skills that must be mastered in order for students to make informed decisions about personal finance. Financial literacy is an integral component of a student's college and career readiness, enabling students to achieve fulfilling, financially-secure, and successful careers. • Standard 9.2 Career Awareness, Exploration, Preparation and Training. This standard outlines the importance of being knowledgeable about one's interests and talents, and being well informed about postsecondary and career options, career planning, and career requirements. • Standard 9.3: This standard outlines what students should know and be able to do upon completion of a CTE Program of Study. • Standard 9.4 Life Literacies and Key Skills. This standard outline key literacies and technical skills such as critical thinking, global and cultural awareness, and technology literacy* that are critical for students to develop to live and work in an interconnected global economy.
