2412 HOME INSTRUCTION DUE TO HEALTH CONDITION

The Board of Education **shall** provide instructional services to an enrolled **student**, whether a general education **student** in Kindergarten through grade twelve or a special education **student** age three to twenty-one, when the **student** is confined to the home or another out-of-school setting due to a temporary or chronic health condition or a need for treatment **that** precludes participation in their usual education setting, **whether general or special education**.

A **parent's** requests for home instruction shall include a written determination from the **student's** physician documenting the projected need for confinement **at the student's** residence or other treatment setting for **more than** ten consecutive school days or **twenty** cumulative school days during the school year. The written determination from the **student's** physician shall be forwarded to the school physician, who shall **either** verify the need for home instruction **or provide reasons for denial**. The parent shall be notified concerning the school physician's verification or reasons for denial within five school days after receipt of the written determination by the **student's** physician.

The school district shall be responsible for the costs of providing instruction in the home or out-of-school setting either directly, or through online services, including any needed equipment, or through contract with another district Board of Education, Educational Services Commission, Jointure Commission, or approved clinic or agency. The school district shall provide instructional services within five school days after receipt of the school physician's verification or, if verification is made prior to the **student's** confinement, during the first week of the **student's** confinement to the home or out-of-school setting.

The home or out-of-school instruction shall meet the minimum standards as required in N.J.A.C. 6A:16-10.1(c). The school district **shall establish** a written plan for delivery of instruction and **maintain a record of delivery of instructional services and student progress**. The teacher providing instruction shall be a certified teacher. **The teacher shall provide instruction for the number of days and length of time sufficient to continue the student's academic progress and dependent upon the student's ability to participate.**

Home Instruction Due to Health Condition

For a **student** with disabilities, the home instruction shall be consistent with the **student's Individualized Education Plan (IEP)** to the extent appropriate, and shall meet the Core Curriculum Content Standards. When the provision for home instruction for a **student** with disabilities will exceed thirty consecutive school days in a school year, the IEP team shall convene a meeting to review and, if appropriate, revise the **student's IEP**.

For a **student** without **disability**, the home instruction shall meet the Core Curriculum Content Standards, and the requirements **of the Board** for promotion **to the next** grade level. When the provision for home instruction for a **student** without **disability** will exceed sixty calendar days, the school physician **shall** refer the **student** to the Child Study Team for evaluation, **pursuant** to N.J.A.C. 6A:14.

The Board reserves the right to withhold home instruction when the reason for the **student's** confinement is such as to expose a teacher to a health hazard or dangerous home situation; **when** a parent or other adult **twenty-one years of age or older, who has been designated by the parent**, is not present during the hours of instruction; or **when** the condition of the **student** is such as to preclude benefit from such instruction.

Students on home instruction will be accounted for on the attendance register as required by the Department of Education. The name of a **student** on home instruction will not be released at a public Board meeting or placed in a public record.
