

Message from the Superintendent

June 2019

Shortly, we will be completing the 2018-2019 school year. Congratulations to our seniors and best wishes as they embark on the next phase of their lives. The Class of 2019 epitomizes what Bayonne is all about. They have demonstrated scholarship and maturity beyond their age, and have provided positive role models for the underclassmen. I have great expectations that our underclassmen will follow in the Class of 2019's footsteps and continue to make our school even greater.

The Bayonne School District boasts some of the best students in the state. However, I would be remiss if I did not acknowledge the dedication, caring, and expertise of our remarkable staff. Every day they strive to provide the best educational services to the students entrusted in our care. Teachers, support staff, and our school board are all committed to making the Bayonne School District the best it can be. This commitment, coupled with the support of parents/guardians and the community-at-large, help to make our students' dreams become reality.

Over the summer months I encourage our students to read and write every day, use mathematics, and engage in outdoor physical activity. I expect everyone to return in September fully ready to become engaged in the teaching and learning process.

It has been my privilege to have served the Bayonne Community as your educational leader for the past two years. I am grateful for a school board who both supports and demands the very best for our students.

I wish everyone a healthy, safe, and relaxing summer vacation. Remember, the central office is open year round, so you can reach out for information at any time. Enjoy the summer months with your families, and be ready to return to the Bayonne School District Family on Wednesday, September 4, 2019.

Regards,
