Dear Parents/Guardians,

As the end of the school year approaches, the Mathematics department has prepared a Summer Bridges Packet for your child to complete over the summer months.

These packets are:

- To reinforce previous mathematics topics they learned throughout the year
- To keep mathematics topics current
- To move forward with new mathematics vocabulary words to prepare students for future mathematics success

All assignments must be presented to your child's mathematics teacher no later than **September 18, 2019**. The packet will be graded. Students must show work for credit. In addition, students will receive a maximum of 10 points towards the first mathematics assessment in marking period one based on the correct completion of the summer bridges assignment.

A handwritten signature in black ink, appearing to read "Dawn Aiello".

Welcome to Kindergarten

Dear Parents,

We are looking forward to meeting you and starting the new school year with you and your child. Kindergarten is an exciting time as children embark upon new adventures in the world of learning.

Please guide your child with this work over the summer to help better prepare him/her for the up and coming school year.

Please have your child return this packet on their first day of school.

Thank you for your cooperation!

Math Vocabulary in Kindergarten

Draw a line to match the math vocabulary word to its meaning.

- | | |
|---------------------|---|
| 1.) Tall • | • Of smallest length |
