Update January 27, 2020

Dear Bayonne Community Member,

Please be advised that the **Bayonne School District will remain virtual until at least the end of February 2021**. I would also like to advise our community that we continue to evaluate our plan on returning to school.

On Friday morning I had the privilege to visit the Bayonne Medical Center and met with some heroes of the frontline – the Bayonne Board of Education Nurses. The school nurses have answered the call for “all hands on deck” in an effort to vaccinate the population of the City of Bayonne.

The Bayonne School District is an active participant in helping vaccinate our City. We remain engaged in discussions, planning and preparations for an eventual return to school. We are meeting with innovative companies and systems for mitigating the virus in our busses and classrooms. I am very optimistic that the end of total remote learning will end in the coming months.

Sincerely,

John J. Niesz  
Superintendent of Schools
