Dear Parents/Guardians of students entering AP Stats in September 2024,

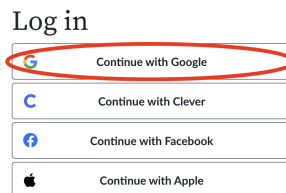

This summer, your child will have the opportunity to prevent summer learning loss and to be better prepared for success in AP Stats. He or she will also have the opportunity to earn up to ten extra credit points on the first mathematics test of the 2024-2025 school year.

The assignment has been created on Khan Academy. To access the material, students should go to <https://www.khanacademy.org/join> and enter the class access code: JTMXQSF2. Alternatively, students can go directly to <https://www.khanacademy.org/join/JTMXQSF2>. Once students join, they will be prompted to log in (if they aren't already). Students can simply select "Log in to your existing account":

You're joining: AP Statistics - Summer
Work

They can then select "Continue with Google".

Students must be signed into their browser with their BBOED student account before registering for the course. In order to receive credit, students must show ALL written work and submit it to their teacher by September 18, 2024. Also, please do not wait until the end of summer to begin these skills.

A handwritten signature in black ink, appearing to read "Dawn Aiello".
