June 14, 2021

Dear Parents/Guardians of students entering AP Stats,

This summer your child will have the opportunity to reverse summer learning loss and to build a strong foundation in core mathematical concepts skills using Google Classroom. He or she will also have the opportunity to earn up to ten extra credit points on the first mathematics test of the 2021-2022 school year. Students are required to use their BBOED school email to access the AP Stats Summer Bridges assignment.

The Google Classroom page is called *AP Statistics Summer Bridges*.

Code: **magk2dh**

Note: In order to receive credit, students must show ALL work on a clearly labeled scrap paper and turn it into their teacher. This assignment is due to your AP Stats teacher by September 22, 2021. The material in the summer bridges assignment will be assessed within the first couple of weeks of school.

Also, please do not wait until the end of the summer to begin these skills.

*Dawn Aiello*  
Director of Mathematics
