Dear Parents/Guardians of students entering Grade 1 in September 2023,

This summer, your child will continue to build a strong foundation in mathematics using IXL. It is recommended that students complete the Summer Bridges Assignment to prevent summer learning loss.

Ten IXL skills in your child's new grade level have been assigned. **For each assigned skill, your child should attempt to earn a minimum SmartScore of 80 OR attempt at least 15 problems to demonstrate effort and completion of the summer assignment.** Please do not wait until the end of summer to begin these skills.

The following Grade 1 skills have been assigned:

1. Add with cubes - sums up to 10 (*Search Shortcut Code: E8D*)
2. Addition sentences using number lines - sums up to 10 (*Search Shortcut Code: UWW*)
3. Addition facts - sums up to 10 (*Search Shortcut Code: WUL*)
4. Subtract with pictures - up to 10 (*Search Shortcut Code: Y2Z*)
5. Subtraction facts - up to 10 (*Search Shortcut Code: EQK*)
6. Counting review - up to 20 (*Search Shortcut Code: QRF*)
7. Subtraction sentences up to 10 - which model matches? (*Search Shortcut Code: MGG*)
8. Comparing - more or fewer (*Search Shortcut Code: PRR*)
9. Name the two-dimensional shape (*Search Shortcut Code: MRF*)
10. Introduction to patterns (*Search Shortcut Code: PKP*)

Please note: To receive credit, students must show ALL work on scrap paper labeled by skill and turn it in to their math teacher no later than September 25, 2023.

Your child can continue to access IXL through Clever, found on the BBOED website, under the Students tab. All students who were registered in school up to June 21, 2023, will continue to have access to their online math platforms. Students new to the district will have access to their online accounts after the first week of September. **Please make sure your child is logged in before he or she starts to work, otherwise, his or her progress will not be saved nor will his or her new teacher be able to view it in September.**

You can access these skills by typing the three-character Search Shortcut Code into the search box on the top of the IXL homepage.

Good News! Students will have access to ST Math throughout the entire summer to solve math puzzles. As with IXL, ST MATH can be accessed through Clever.
