June 6, 2024

Dear Bayonne Community,

You may recall back on November 18, 2023 an email was sent to the entire district about our internet / computer system being compromised. As of today, we do not have knowledge that any information has been used to commit financial fraud or identity theft as a result of the incident, however, out of an abundance of caution, we conducted a thorough and extensive manual review of the data with our insurance companies cyber security teams.

Out of an abundance of caution, we will be notifying some specific individuals that, after the thorough research by cyber security experts hired by our district's insurance team, could be eligible for free credit monitoring (if you're eligible, you will be notified via mail to your residence).

As a result of this incident, we have no evidence that any information has been used to commit financial fraud or identity theft. Nevertheless, out of an abundance of caution, we want to make you aware of the incident.

Please, all are reminded not to open suspicious emails and if you have any doubts. Don't open attachments if they look suspicious and please always use your two-step verification process to access emails.

If you have specific questions, please reach out to Tom Fogu or Dr. Karee McAndrew.

Sincerely,

John Niesz
Superintendent
